Powerful, cost-effective, educational...A solid marketing tool!

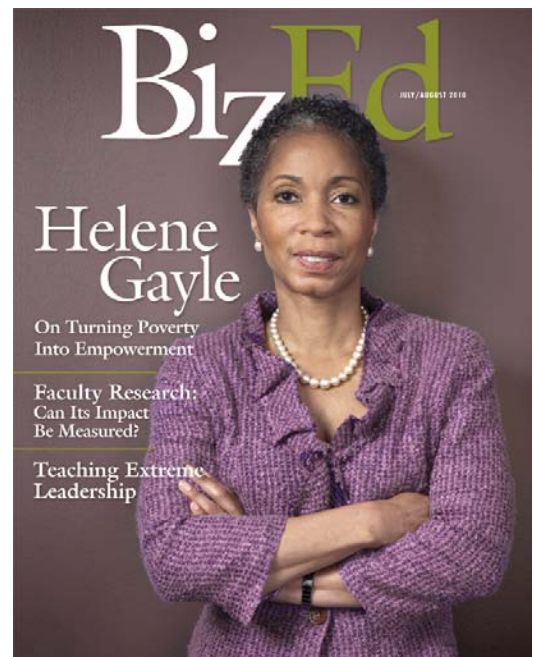

Reprints allow you to capitalize on the exposure given to you, your educational institution or your company. As a flexible marketing tool, they publicize your best assets and build instant credibility. Order ePrints to reach an online audience that is not being tapped. You will receive a fully customized co-branded PDF file you can post on your Web site or email.

Reprints/ePrints can be utilized:

- as educational and training materials;
- for program or trade show handouts;
- within media kits;
- for training and recruitment;
- within annual reports to increase confidence;
- as Web content; and
- for E-Marketing.

Our reprint specialists can:

- provide custom color options: 4-color and black & white;
- add your school or corporate logo and/or profile;
- eliminate ads within the article; and
