Assurance of Learning (AoL) is an ongoing and valuable process with continuous improvement at its core. If you are trying to figure out how to create an effective AoL process, this seminar will give you the confidence and the necessary tools to move forward. Focusing on Standard 8: Curricula Management and Assurance of Learning of the AACSB Accreditation Standards, the seminar facilitators will go through the entire AoL process step by step which will help you gain a clear understanding of assessment, learning goals, learning objectives, data collection, rubrics, and so forth. The seminar will also provide a variety of regional resources and examples based on where it is offered. Using this information, you will have an opportunity to practice what you have learned with your peers in order to further develop a working knowledge of how to create the best AoL process for your school.

**Please Note:** If a 3<sup>rd</sup> registrant discount (\$100 of every third and subsequent registrant) applies for this event, please be advised that a minimum of two PAID and PROCESSED registrations for the same event are required before the discount will apply. If you don't see a discount applied to your registration fee, this means the minimum requirement has not been met. See the event website for further details.

**Please Note:** If you intend on registering someone else from your organization, you should first check to see that they have a myAACSB account. You can do this by selecting the “Register someone else (At your organization)” button and begin typing their name in the box. If their name does not populate this means that they do not have an account.
